

ALD 2019

19th International Conference on Atomic Layer Deposition

July 21-24, 2019 • Bellevue, Washington, USA

ALD 2019/ALE 2019 Sponsorship and Exhibit Facts Sheet

Forms will not be accepted until January 8, 2019, (starting 10:00 a.m. Pacific Time) on a first-come, first serve basis—full payment must be included. Space is limited to two spaces and will sell out quickly. This floor plan is subject to change. All display items must fit within your allotted exhibit space.

The AVS 19th International Conference on Atomic Layer Deposition (ALD 2019) featuring the 6th International Atomic Layer Workshop will be a three-day meeting dedicated to the science and technology of atomic layer controlled deposition of thin films and now topics related to atomic layer etching. Since 2001, the ALD conference has been held alternately in the United States, Europe and Asia, allowing fruitful exchange of ideas, know-how and practices between scientists. This year, the ALD conference will again incorporate the **Atomic Layer Etching 2019 Workshop**, so that attendees can interact freely. The conference will take place Sunday, July 21-Wednesday, July 24, 2019, at the Hyatt Regency, Bellevue, Washington.

As in past conferences, the meeting will be preceded (Sunday, July 21) by one day of tutorials and a welcome reception. Sessions will take place (Monday-Wednesday July 22-24). All presentations will be audio-recorded and access provided to attendees following the conference (posters will be included as PDFs). Anticipated attendance is 800+.

ALD 2019 and ALE 2019 offers **excellent sponsorship and/or exhibit opportunities** that will enable an organization to maximize the impression they make at the conference given their budget constraints.
